Austin, TX

Highly analytical research director with extensive experience in **program evaluation, data analysis, and project management** to uncover actionable insights that drive strategic decision-making. Proven ability to integrate, transform, and interpret complex datasets to inform strategy, improve efficiency, and support initiatives. Skilled at translating complex findings into easily understood, compelling dashboards, reports, and presentations for diverse technical and nontechnical audiences.

CORE AREAS OF EXPERTISE

Quantitative data analysis • Program evaluation • Project management • Complex data integration • Panel data analyses • Cross-functional collaboration • Public health • Higher education • Causal inference & quasi-experimental methods • Mentorship & capacity building • Data storytelling

PROFESSIONAL EXPERIENCE

Far Harbor, LLC

Director of Research (2026-present) | Sr Research Scientist (2025-2026) | Research Scientist (2023-2025)
Research & Data Management

- Lead end-to-end management of high-impact research projects for clients, ensuring timely and efficient delivery of strategic insights and solutions
- Develop and optimize Stata statistical programs to integrate, transform, and manage complex datasets (50+ datasets) from disparate sources (National Student Clearinghouse, Department of Education, Census, etc.), ensuring data quality and usability for analysis
- Perform advanced panel data analyses (longitudinal, multilevel, trajectory, latent profile) to uncover meaningful trends and actionable insights supporting client initiatives in college access and success
- Communicate analytical findings and actionable recommendations to both technical and nontechnical stakeholders through compelling presentations, infographics, and interactive data visualizations
- Mentor junior researchers and identify tangible areas of growth for team members

Strategic Partnerships, Inc.

Managing Consultant (2015-2017)

Strategic Consulting & Business Intelligence

- Managed strategic client relationships and developed business development plans across diverse industry sectors, demonstrating strong stakeholder engagement
- Conducted in-depth competitive analyses and market research to provide actionable business intelligence and inform client strategies
- Collaborated with external partners (state agencies, community members) to gather critical information and ensure alignment with client objectives

The University of Texas at Dallas

Regional Admissions Representative, The Office of Admission and Enrollment (2014-2015)

Recruitment Operations & Analytics

- Managed end-to-end regional recruitment operations for 700 schools, serving as primary contact and ensuring efficient workflow

- Designed and implemented an interactive data lookup tool in Excel, enabling team members to analyze territory performance and inform recruitment strategies through weekly data reports
- Delivered compelling presentations and facilitated discussions for diverse audiences (prospective applicants, parents, financial aid panels), showcasing strong communication and storytelling abilities

TECHNICAL SKILLS

- **Methods:** Longitudinal modeling; Multilevel modeling; Latent variable modeling; Complex data harmonization, linkage, & quality assessment; Missing data methods (multiple imputation, FIML); Moderated mediation; Causal inference (difference-in-differences, weighting & matching)
- **Data sources:** National Student Clearinghouse, Department of Education, Census, MIDUS
- **Tools:** Stata (High Proficiency), Mplus (High Proficiency), SAS (Moderate Proficiency), SPSS (Moderate Proficiency), Tableau (Moderate Proficiency), Microsoft Excel (Advanced), Asana (High Proficiency)

EDUCATION

Ph.D., Human Development & Family Science/Gerontology – Purdue University (2023)

M.S., Kinesiology & Health - Health Promotion – Miami University (2019)

B.S., Global Business – The University of Texas at Dallas (2014)

SELECTED RESEARCH GRANTS AND FELLOWSHIPS

- National Institutes of Health F31, 1F31AG072824-01, Principal Investigator (2021-2023)
- Purdue Executive Vice President for Research and Partnerships, Research Assistant (2020)
- Bill Archer Fellowship Program, Fellow (2014)

SELECTED PEER-REVIEWED PUBLICATIONS

- Teas, E., Marceau, K., & Friedman, E. (2023). Life-course social connectedness: Comparing data-driven and theoretical classifications as predictors of functional limitations in adulthood. *Advances in Life Course Research*, 55, 1-14. doi:10.1016/j.alcr.2023.100529
- Ward, R. M., Steers, M-L. N., Guo, Y., Teas, E., & Crist, N. (2022). Posting alcohol-related content on social media: Comparing posters and non-posters. *Alcohol*, 104, 23-30. doi:10.1016/j.alcohol.2022.08.001
- Teas, E., Robertson, O., Marceau, K., & Friedman, E. (2021). Not seeing double: Discordance in disease, function, and their longitudinal associations in monozygotic twins. *Psychosomatic Medicine*, 83(7), 724-732. doi:10.1097/PSY.0000000000000972

STATA PROGRAMS

- Teas, E., & Booth, E.A.. 2026. "EDITANYTHING: Stata module to open any text file from Stata." Statistical Software Components, Boston College Department of Economics. <https://ideas.repec.org/c/boc/bocode/s459839.html>
- Booth, E.A., & Teas, E.. 2026. "COMBINEALL: Stata module to auto-combine (append, merge, or joinby) or convert every file in a directory." Statistical Software Components, Boston College Department of Economics. <https://ideas.repec.org/c/boc/bocode/s459843.html>
- Booth, E.A., & Teas, E.. 2026. "PROJECTBUILDER: Stata module to scaffold a data-analysis project folder with documentation and a numbered do-file pipeline." Statistical Software Components, Boston College Department of Economics. <https://ideas.repec.org/c/boc/bocode/s459832.html>
